# PRODUCTS

We are a homegrown Malaysian Snack Company which aims to provide quality snacks. Our products are developed with love and we hope that once you've taken your first bite of our snacks, you are brought back to the familiar tastes of home.

We have a range of Malaysian made artisanal snacks such as salted egg potato crisps, cookies and granolas. Kintry is a vegetarian-friendly company and do not handle any meat products in our factory.

We source for premium natural ingredients and hand make our goodies from scratch in our HALAL kitchen.
